A Complete Range of Fun and Excitement

Designed to create an atmosphere to meet the needs and demands of the whole family, Thai Muang Beach Resort provides a unique combination of lifestyles.

A complete range of sports and recreational activities, complete with modern facilities and a marina, add a new dimension to the first-class accommodation, whether at the resort hotel, golf lodge or the condominiums.

The design and construction of Thai Muang Beach Resort were done to complement mother nature and not to compete with her.

This philosophy has now resulted in a resort which has all the creature comforts to be found in a modern society but far away from the madding crowd. Every effort has been made to keep our resort unspoilt unpolluted, ecologically balanced and environmentally friendly.

Thai Muang Beach Resort also offers a wonderful choice of residential units on the most picturesque part of Thailand's west coast. There are deluxe villas bordering the golf course and together with the marina are specially designed to blend in with the natural landscape. Here is where you and your family can experience a lifestyle unparalleled elsewhere on this earth.

Thai Muang Beach Resort, A Complete Range of Fun and Excitement for Your Family

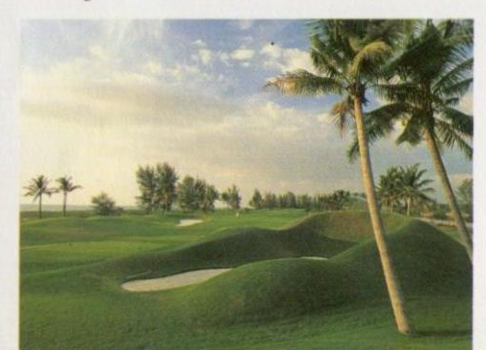

Thai Muang Beach Golf and Marina is located on 1,100 rai-440 acres of land stretching more than two kilometres of unspoilt and pristine beach beside the deep blue Andaman Sea.

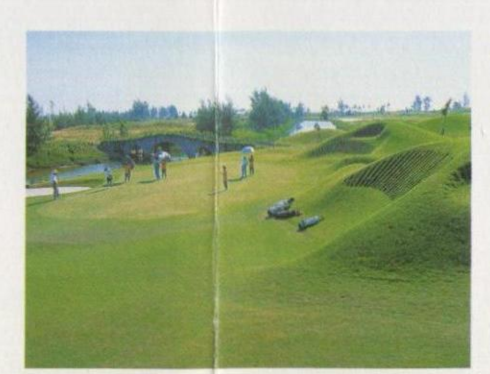

Thai Muang Beach Golf & Marina is most fortunate to benefit from the experience of Dye Designs in choosing a resort design that harmonises with the natural environment. It is tough enough for the pros, yet amateurs will enjoy the challenges posed amidst the lush and scenic beauty of the golf course.

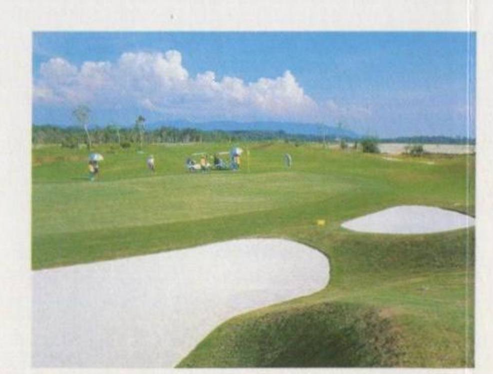

This unique 18-hole course is par 72 and 7,028 yards long and complete with dramatic holes, lush fairways and breath taking scenery.

Thai Muang poses a fascinating test of skill for golfers of every level taking them through the full range of human emotions, from sheer exasperation to pure ecstasy. The 17th hole, dubbed "The Lady", 181 yards, par 3, is certainly awe-inspiring while the 18th hole is spectacular running 468 yards in length with white sandy beach beside its fairway. As you make your way from the teebox to the 18th hole you will be struck by the panorama of the Andaman Sea with its deep blue hue and rolling white surf to your left and the majestic mountains far away to your right.
